Policy Number: **C-25001**

Policy Section: **Anesthesia**

Last Approval Date: **03/12/2025**

Effective Date: **07/01/2026**

### Policy

The health plan considers the following services to be included in the reimbursement for professional and outpatient facility providers of moderate sedation and not eligible for separate reimbursement unless provider, state, or federal contracts and/or requirements indicate otherwise.

#### Professional:

- Assessment of the patient (not included in intraservice time).
- Establishment of IV access and fluids when performed to maintain patency.
- Administration of agent(s).
- Maintenance of sedation.
- Monitoring of oxygen saturation, heart rate and blood pressure.
- Recovery (not included in intraservice time).

Moderate sedation administered by a provider that is not performing the associated surgical, diagnostic, or therapeutic procedure is not eligible for reimbursement when administered in a non-facility setting.

For providers using fee schedules based on RVU's 2016 and older: moderate sedation is not eligible for separate reimbursement when the performing provider reports moderate sedation along with a procedure listed in CPT® Appendix G linked below.

For providers using fee schedules based on 2017 and later RVU's: moderate sedation is eligible for separate reimbursement when the same provider reports both the procedure and the moderate sedation.

#### Outpatient Facility:

The health plan will not separately reimburse recovery room services (revenue code 0710) when billed with moderate sedation.

The health plan will deny moderate sedation codes when reported on a UB04.

The health plan requires anesthesia revenue codes 037X to have a HCPCS/CPT code when billed with radiology or diagnostic revenue codes.
